

Katola

Coming in standard 44 3/8" x 16" 26 gauge sheets, the Katola series is ideal for the entry-level/do-it-yourself market. Laying down like ordinary roofing shingles, these smaller sheets are easy to transport and install. They are ideal for high-pitch roofs and other difficult-to-reach jobs. Can be quickly installed over existing shingles, on 1/2" plywood or over 1" x 4" horizontal strapping with approved building paper, always check your local building codes. Visit our website for updated colour choices and finishes.

- Standard 44 3/8" x 16" metal sheets
- Do-it-yourself packages
