

Summit

Agricultural / Residential
Commercial / Industrial

Ideally designed for the agricultural industry, this attractive and versatile design is well suited for all building applications. From residential to commercial, the superior lap design creates a seamless crisper appearance on both roofs or walls. Exceptional rigidity allows for superior span ability. The Summit panel can be quickly installed over existing shingles with 1" x 4" horizontal strapping, for new construction check your local building codes. Visit our website for updated colour choices and finishes.

Steel Tile manufactures a solid line of roofing tiles and accessories that are durable, stylish, cost-efficient and virtually leak-proof.

Home and cottage owners, institutions, builders and architects have all discovered the long-lasting Steel Tile advantage.
